SIR:

#### RENEWED PETITION UNDER 37 CFR 1.181

Applicant hereby requests reconsideration of the "Decision On Petition" dated October 6, 2006 dismissing Applicant's "Petition to Withdraw the Holding of Abandonment under 37 CFR 1.181", filed May 22, 2006, in view of the following:

- 1. The Decision On Petition contained no discussion of Applicant's undersigned attorney's representation that Mr. Wallace of the PTO had reported to the undersigned attorney that no reply was necessary since "no outstanding issues remained" because the overdue funds had been "paid by Collins".
- 2. Submitted herewith from the record of this application is a paper which the undersigned has marked as Attachment (E) which is a letter dated Nov. 17, 2003 from the PTO to the original attorney of record, Brian Collins. This letter states that applicant is required to submit the following: \$385 filing fee; and \$50 fee for processing a returned check.
- 3. Also submitted herewith from the record of this application is a paper which the undersigned has marked as Attachment (F) which is correspondence from Brian Collins to the PTO dated Dec 29, 2003 (note that Collins is still attorney of record at this date since the new power of attorney had not yet been filed) explaining how the returned check had inadvertently happened. Mr. Collins submitted his new check in the amount of \$440 to cover items which he erroneously identified as \$375 for the

#### -- 2 --

filing fee and \$65 for the late payment fee. It should be noted that the PTO letter, Attachment (E), did not charge a \$65 late fee.

- So, the total additional fees due as calculated by the PTO letter was \$435 and the amount paid by Mr. Collins was \$440 which left a \$5 overpayment in Applicant's favor. The foregoing supports the statement by Mr. Wallace to the undersigned on Feb. 27, 2004, that "no outstanding issues remain" since the overdue funds had been paid by Mr. Collins.
- The undersigned attorney aubmita that the explanation supported by Attachments (E) and (F) which are papers of record in this application provide a sufficient factual basis for the granting of this renewed petition and withdrawal of the notice of abandonment. The Corrected Notice of Incomplete Reply dated Feb 23, 2004 was in error. This is the implication of Mr. Wallace's statements. No reply to the "Corrected Notice" in the form of payment of additional fees to the PTO was necessary in view that the overdue funds had already been received. Accordingly, the statement on page 2 of the Decision On Petition that "the application became abandoned April 24, 2004" is not supported by the facts as set forth in the record, namely, in Attachments (E) An action withdrawing the notice of abandonment is respectfully solicited.

Dear Sir:

This is in response to the correspondence concerning the application fee in connection with the above-identified application. The PTO correspondence indicated that the applicant failed to make payment and is given this opportunity to make the necessary payment.

For the purposes of creating a record for the file, the Applicant noticed that the necessary filing fee had not been taken from his personal business account and called the Office on or about November 15th to obtain clarification. In discussions with PTO personnel, the Office representative indicated that payment had been received (i.e., check had cleared) and that no further action was required. At that time, due to certain changes made by my financial institution concerning account numbers, I believed that it was possible the fee was extracted from another account which I hadn't yet received any statements (i.e., to confirm whether payment had been made to the PTO). I subsequently received this notice and am now correcting the error made by my financial institution.

Please find enclosed a check in the amount of \$440.00 covering the initial fee of \$375.00 plus the late payment fee of \$65.00 I will request that the fee be waived in view of my attempt to correct the error in advance of the errors made, but the full amount is submitted to ensure that the Application does not go abandoned for lack of payment.
